Spring/Summer 2010

## Congratulations!

Congratulation to Sarah Wicks (Miss Triffitt's nurse) on the birth of her beautiful baby girl Olivia Lilly Gunner born at 14.36 pm on the 25th February, 2010 weighing 8lb 3oz.

## For a whiter, brighter smile

One of the most popular ways to improve your smile is teeth whitening. This is a safe and affordable option that can enhance your appearance. The results are long-lasting and you will see an immediate improvement. Whether it's for a special occasion or simply because you deserve to treat yourself, contact us to arrange a free consultation with Mr Pritchard, Mrs Pritchard, Miss Triffitt, Miss Martin or Mr Fahlstedt.

## Welcome to our spring/summer newsletter!

After a few false starts to 2010, what with unexpected blizzards and a four day power cut to the practice, we're back to business as usual! Thank you to all those affected for your patience and understanding during those tricky times!

The team enjoying a fantastic night at Sandown Racecourse Winter Wonderland at Christmas.

## Did you know?

Compulsory registration of dentists was introduced in Britain in 1921. Before that, anyone could call themselves a dentist!

The first commercial shown on British TV in September 1955 was for toothpaste.

Tea is a natural source of fluoride that helps to fight tooth decay (as long as you don't have sugar!). For further information about the benefits of tea, you can visit the website [www.teahealth.co.uk](http://www.teahealth.co.uk)

# Introducing ...

The practice is delighted to welcome a new member to the dental team. Many of you may remember Mr Fahlstedt from when he worked at Goldsworth Road Dental Centre several years ago.

## 0% finance available

We offer a 0% finance facility to make large treatments more affordable. For more information, please ask Helen, Sandra or Pauline.

## Attention kids!

### Enter our **goldfish naming competition**

to be in with the chance of winning exciting prizes! All proceeds go to Woking and Sam Beare Hospices. Ask at reception for more details.

*Competition ends 30th June 2010*

## Be sporty, but be safe

A large proportion of dental traumas in adults and children occur during contact sports. Many of these injuries can be avoided by the wearing of properly fitted mouthguards. We provide individually constructed and designed mouthguards, which are far superior to those you simply mould in hot water. If you or a family member require this type of protection, contact the surgery on 08445 769956 and make an appointment with Sophie or Mary-Anne. Why not take advantage of our money off voucher printed below?

**Special offer**
